Area Grower Meeting

We will be holding area grower meetings the week of September 26th. Enclosed is a schedule for the area grower meetings.

Area grower meetings are very important meetings in that they give every grower the opportunity to voice their input concerning the salable percentages to their Committee representative.

Please note the areas that Committee Member and Alternate Members nominations will be held. If you are a grower in any of these areas that will be holding nominations, and have a desire to serve on the Committee, please let me or your Committee representative know. *We strongly encourage anyone interested in participating on the Committee to come to the meetings and seek to be nominated. USDA has asked that, where possible, we expand the nominees to include "women, minorities, those who are physically disabled, those who have not previously served as a member or alternate on the Committee, those representing organic or non-conventional farming, and those who represent farms defined as small businesses".*
